

ProCapture-T

Fingerprint Access Control Terminal

ProCapture-T is an access control terminal applying the most advanced SilkID fingerprint sensor. Its outstanding performance provides a high identification rate towards dry, wet and rough fingers, being capable to detect alive finger for a higher security level.

The fingerprint verification speed has been dramatically increased by its optimized fingerprint algorithm and the brand new ZMM220 hardware platform, equipped with a fast 1.2GHz processor.

The touch keypad delivers a smooth and easy user operation to enroll and delete users, set device and access control parameters, etc.

Its built-in camera allows to capture user's photos and events snapshots to provide attendance evidence (optional function).
